Background:

Mika Lucio is a lyricist and trained dancer originally from Staten Island, NY. She's always enjoyed a vast variety of music and began writing at an early age. Known for her unique voice, and often times bilingual vocals, she has performed on stage at Staten Island's Festival de La Isla, on BET's 106 & Park as a dancer, and multiple open mic and night club events. Once a college radio DJ, she hosted her own show called Rap V. Metal while pursuing a degree in Communications. Mika continues to develop her sound and experiment with different styles. Her track DominiDiva will be featured on DMM Co. VOL 2 Mix Tape, coming soon.
